YOU are the most important member of the team!

Duke Family Medicine Center is a Patient-Centered Medical

We work in provider-led teams to coordinate your healthcare services. Team members include nurses, medical assistants, front desk staff, financial counselors

Duke MyChart allows you to access your health information online, anytime, anywhere! You can:
- Schedule an appointment with your Duke PCP
- View a summary of your health status
- View your billing account summary & pay your bills
- Request a prescription refill
- Communicate with your health care team about any non-urgent needs

You can also access your account through the iPhone and Android MyChart app.

Duke Family Medicine Center is part of Duke Community and Family Medicine. The department’s mission is to improve the health of people in their communities.

The goal of the Duke Family Medicine Residency Program is to train physician leaders who partner with health care and community teams to meet the health needs of patients and populations.

Welcome to Duke Family Medicine Center, an outpatient clinic of

We offer services for every member of the family including physical exams, acute (sick) care and ongoing care for chronic conditions such as asthma and diabetes.

Most lab tests can be performed on-site.
